## EXPERIENCE

### Som Design, Seattle, WA — *Web developer*

June 2016 - present

Freelance web developer with accountability for marketing and selling services, managing client relationships, controlling budgets, and designing/developing both websites and web applications for clients.

### Companion Athletics, Seattle, WA - *Volunteer*

Volunteered as a Teaching Assistant for the intro to web development course. The purpose of the 4 week course was to introduce teenagers to the software development field. Duties included:

- Teaching web development fundamentals to youth with no prior experience
- Assisting in building styled HTML pages

## EDUCATION

### General Assembly, Seattle, WA — *Certificate of completion*

June 2015 - September 2015

Completed the 12-week immersive web development program.

### Seattle central college, Seattle, WA — *Current student*

Pursuing a degree in Computer science.

## PROJECTS

### Bloxscore— *Real estate web app*

bloxscore.herokuapp.com

Utilizes the Zillow, Yelp, Instagram, and Walkscore APIs to generate information about neighborhoods to potential residents. The App was built with Node.js. My responsibilities were to create the database models and associations, and the contact form..

### Project4 - *News app*

Newsproject4.herokuapp.com

A news site that utilizes Twitter generated widgets and the New York Times APIs. Built with Node.js

More projects are available on my GitHub.

### HackerNews reader

A clone of the popular hacker news website. Built with vanilla JS.
